

PUBLIC NOTICE

4600 GULF FWY

Attention Contractors:

Planned Parenthood of Houston and Southeast Texas owns a seven-story structure at 4600 Gulf Freeway (I-45 & Elgin), which they plan to convert into a late-term abortion clinic. Children will be killed in this building through 25 weeks of pregnancy, according to the State of Texas.

A local, regional and nation-wide boycott of those firms participating in this project in any capacity is being organized by church and civic leaders across the state.

Picket lines will also be present on site through the duration of construction.

If you are asked to bid on this project, please do the right thing and pass.

Babies and mothers from across the Southwest will thank you.
